Joseph Arbios joins Sekuworks, LLC as Director, Security Programs

HARRISON, OH – March 1, 2010 - Sekuworks, LLC (Sekuworks), announced that Joseph B. Arbios has joined the company as Director, Security Programs. Mr. Arbios will be managing the existing Sekuworks customer base in the Western United States and be in charge of business development in the electronics, high technology, medical, agriculture, wine, consumer products and other industries requiring brand protection and authentication.

“We are very pleased to welcome Joe to our team and increase the presence of Sekuworks in the Western United States,” said Bob Spiller, Sekuworks President and CEO. “His broad experience in the high technology industry along with proven customer relationship development will benefit the growth of Sekuworks Intaglio based anti-counterfeiting products in many industries,” added Spiller.

Mr. Arbios has an extensive background in the high technology industry having previously served as Director of Global Sales & Marketing for ITW Rippey Corporation, a leading supplier of materials to the worldwide semiconductor and hard disk drive industries. Mr. Arbios has also held executive positions in the wholesale food distribution industry and is an active member of the American Marketing Association having served in a California Chapter as a member of the board of directors. Mr. Arbios holds a bachelors degree in communications and marketing from California State University, Chico and an MBA in management from Golden Gate University, San Francisco.

About Sekuworks, LLC

Sekuworks is a US based full service global brand protection company. Sekuworks has integrated multiple security technologies, including “currency secure” intaglio printing, holography, rotary screen printing, variable data & code insertion; all in a cost effective single pass process. The Northern Banknote division of Sekuworks, which began operations in 1891, produces high security documents for many world-wide governments and financial institutions. The Sekuworks NASPO Class One Certified maximum-security facility and project tracking system are unmatched in their ability to assure the highest level of accountability to customers around the world.
