SCT International, LLC Acquires Graphic Options, LLC

ATLANTA, GA- April 11, 2008- SCT International, LLC, a holding company focused on security printing and brand protection, announced today that it has completed the acquisition of Graphic Options, LLC, effective as of March 17, 2008. Graphic Options will operate as a division of Sekuworks, LLC while continuing to provide outstanding service to all its existing clientele. At the same time, SCT International announced that it has named Earl D. Holt, the founder of Graphic Options, as its new Vice President of Pre-Press Operations. Graphic Options, LLC has become both nationally and internationally known for its security design and advanced plate technology.

“The acquisition of Graphic Options marks another critical milestone in the execution of our strategic plan”, commented Robert W. Spiller, President and Chief Executive Officer of SCT International. He further added, “Graphic Options expands our technology portfolio, products, services, and customer base representing an important step towards our overall goal of creating a global leader in security printing and brand protection. This transaction continues to build on the momentum created in the wake of our previously announced acquisition of Sekuworks, LLC in August, 2007.”

About SCT International, LLC

SCT International, LLC is an Atlanta, GA. based holding company focused exclusively on security printing, brand protection, and anti-counterfeiting. SCT conducts business on a global basis through its wholly-owned subsidiary companies which operate independently under their established names. SCT continues to identify and pursue targeted opportunities which will expand its technology portfolio, product and services offerings, and customer base.

About Sekuworks, LLC

Sekuworks is a US based full service global brand protection company. Sekuworks has integrated multiple security technologies, including “currency secure” intaglio printing, holography, rotary screen printing, variable data & code insertion; all in a cost effective single pass process. The Northern Banknote division of Sekuworks, which began operations in 1891, produces high security documents for many world-wide governments and financial institutions. The Sekuworks NASPO Class One Certified maximum-security facility and project tracking system are unmatched in their ability to assure the highest level of accountability to customers around the world.
